

# Is this a confined space?

“confined space” means a fully or partially enclosed space:

- a) that is not both designed and constructed for continuous human occupancy, and
- b) in which atmospheric hazards may occur because of its construction, location or contents or because of work that is done in it;

Has a risk assessment been done by a competent person?

Are you authorized and trained to enter?

Are atmospheric hazards being monitored regularly?

What happens if something goes wrong?
